

A WESTELCOM COMPANY

Colocation & Datacenter

Teo's parent company Westelcom owns and operates three prime New York State based data centers located in Plattsburgh, Watertown and Syracuse, NY. The facilities are in close proximity to the Canadian Border and International Airports allowing easy access from major metropolitan cities.

## Why Colocate

Westelcom's Carrier Colocation Centers house multiple reputable carriers with meet-points in NYC, Boston, Syracuse Albany and Montreal and are directly connected to Google, Amazon+ Microsoft Cloud platforms.

Take advantage of 3 state of the art facilities with backup power, redundant internet connectivity, and perimeter security.

Increase connectivity and avoid downtime and loss of critical, irreplaceable business information.

Gain access to public peering and gain access to carrier connections.
